

the Commission. No withdrawal penalty would be assessed if the subsequent winning bid exceeds the withdrawn bid. This penalty amount will be deducted from any upfront payments or down payments that the withdrawing bidder has deposited with the Commission. The withdrawal penalty for a nationwide bidder for each aggregation is limited to 5 percent of the aggregate withdrawn bids. The withdrawal penalty for a nationwide bidder is calculated between the sum of the withdrawn bids and the sum of the subsequent high bids on the withdrawn licenses.

(2) Default or disqualification after close of auction. If a high bidder defaults or is disqualified after the close of such an auction, the defaulting bidder will be subject to the penalty in paragraph (a)(1) of this section plus an additional penalty equal to three (3) percent of the subsequent winning bid. If the subsequent winning bid exceeds the defaulting bidder's bid amount, the 3 percent penalty will be calculated based on the defaulting bidder's bid amount. These amounts will be deducted from any upfront payments or down payments that the defaulting or disqualified bidder has deposited with the Commission.

(b) When the Commission conducts sequential oral auctions, the Commission may modify the penalties to be paid in the event of bid withdrawal, default disqualification; provided, however, that such penalties shall not exceed the penalties specified above.

(c) In the case of single round bidding for GWCS licenses:

(1) If a bid is withdrawn before the Commission releases the initial Public Notice announcing the winning bidder(s), no bid withdrawal penalty will be assessed.

(2) If a bid is withdrawn after the Commission releases the initial Public Notice announcing the winning bidder(s), the bid withdrawal penalty will be equal to the difference between the high bid amount and the amount of the next highest valid bid. A bid will be considered valid for this purpose if the bidder has not already been designated the winning bidder on more licenses than it is permitted to be awarded.

Losing bidders will only be subject to this bid withdrawal penalty for a period of 30 days after the Commission releases the initial Public Notice announcing the winning bidders.

(d) In the case of oral sequential bidding for GWCS licenses:

(1) If a bid is withdrawn before the Commission has declared the bidding to be closed for the license bid on, no bid withdrawal penalty will be assessed.

(2) If a bid is withdrawn after the Commission has declared the bidding to be closed for the license bid on, the bid withdrawal penalty of §1.2104(g) of this chapter and paragraphs (a)(1) and (a)(2) of this section will apply.

**§26.205 Bidding application (FCC Form 175 and 175-S Short-Form).**

All applicants for initial provision of GWCS service must submit applications on FCC Forms 175 and 175-S pursuant to the procedures set forth in §1.2105 of this chapter. The Commission will issue a Public Notice announcing the date of a GWCS auction, the licenses which are to be auctioned, and the date on or before which applicants intending to participate in an upcoming GWCS auction must file their applications in order to be eligible for that auction. The Public Notice will also contain information necessary for completion of the application as well as other important information such as the materials which must accompany the Forms, any filing fee that must accompany the application or any upfront payment that will need to be submitted, and the location where the application must be filed.

**§26.206 Submission of upfront payments and down payments.**

(a) Where the Commission uses simultaneous multiple round auctions or oral sequential auctions bidders will be required to submit an upfront payment pursuant to the procedures set forth in §1.2106 of this chapter.

(b) Winning bidders in an auction must submit a down payment to the Commission in accordance with the procedures set forth in §1.2107 (a) and (b) of this chapter.

(c) Notwithstanding paragraphs (a) and (b) of this section, eligible small

businesses may submit a down payment of 5 percent of the winning bid five days after the auction closes and 5 percent five days after public notice that the license is ready for grant.

**§ 26.207 Long form applications.**

Winning bidders will be required to submit long form applications on FCC form XXX, as modified, within ten (10) business days after being notified that they are the winning bidder. Applications on FCC Form XXX shall be submitted pursuant to the procedures set forth in subpart G of this part and § 1.2107 (c) and (d) of this chapter and any associated Public Notices. Only auction winners will be eligible to file applications on FCC Form XXX for initial GWCS licenses in the event of mutual exclusivity between applicants filing Form 175. Winning bidders need not complete Schedule B to Form XXX.

**§ 26.208 License grant, denial, default, and disqualification.**

(a) Unless eligible for installment payments and/or a bidding credit, each winning bidder is required to pay the balance of its winning bid in a lump sum payment within five (5) business days following the award of the license. Grant of the license will be conditioned upon full and timely payment of the winning bid amount.

(b) A bidder who withdraws its bid, defaults on a payment or is disqualified will be subject to the penalties specified in § 1.2109 of this Chapter.

(c) An eligible small business may elect to pay its winning bid, less upfront payments, over the terms of the license. Interest charges are fixed at the time of licensing at the rate equal to U.S. Treasury obligation plus 2.5 percent. Installment payments are due quarterly on the anniversary of the day the license was granted, except that interest-only installment payments are permitted during the first two years of the license.

**§ 26.209 Eligibility for partitioned licenses.**

(a) Notwithstanding § 26.102, an applicant that is a rural telephone company, as defined in § 26.4, may be granted a GWCS license that is geographically partitioned from a separately li-

censed EA, so long as the EA applicant or licensee has voluntarily agreed (in writing) to partition a portion of the license to the rural telephone company.

(b) If partitioned licenses are being applied for in conjunction with a license(s) to be awarded through competitive bidding procedures—

(1) The applicable procedures for filing short-form applications and for submitting upfront payments and down payments contained in this part and Part 1 of this chapter shall be followed by the applicant, who must disclose as part of its short-form application all parties to agreement(s) with or among rural telephone companies to partition the license pursuant to this section, if won at auction (see § 1.2105(a)(2)(viii));

(2) Each rural telephone company that is a party to an agreement to partition the license shall file a long-form application for its respective, mutually agreed-upon geographic area together with the application for the remainder of the EA filed by the auction winner.

(c) If the partitioned license is being applied for as a partial assignment of the EA license following grant of the initial license, request for authorization for partial assignment of a license shall be made pursuant to § 26.324.

(d) Each application for a partitioned area (long-form initial application or partial assignment application) shall contain a partitioning plan that must propose to establish a partitioned area to be licensed that meets the following criteria:

(1) Conforms to established geopolitical boundaries (such as county lines);

(2) Includes the wireline service area of the rural telephone company applicant; and

(3) Is reasonably related to the rural telephone company's wireline service area.

NOTE TO PARAGRAPH (d)(3): A partitioned service area will be presumed to be reasonably related to the rural telephone company's wireline service area if the partitioned service area contains no more than twice the population overlap between the rural telephone company's wireline service area and the partitioned area.

(e) Each licensee in each partitioned area will be responsible for meeting the
